In 1995, Vrbo introduced a new way for people to travel together, pairing homeowners with families and friends looking for places to stay. We were grounded in one purpose: To give people the space they need to drop the distractions of everyday life and simply be together. Since then, we've grown into a global community of homeowners and travelers, with unique properties in 190 countries around the world. Vrbo makes it easy and fun to book cabins, condos, beach houses and every kind of space in between. Vrbo is part of HomeAway and the Expedia Group family of brands and offers homeowners and property managers exposure to over 750 million visits to Expedia Group sites each month.
